BTECH (SEM V)
ARTIFICIAL INTELLIGENCE (BCAI-501)
UNIT-4 ASSIGNMENT

Section A: Short Answer

1. Discuss the Belief-Desire-Intention (BDI) Architecture.
 2. Discuss the agent communication, and why is it important in multi-agent systems?
 3. Differentiate between reactive agents and deliberative agents.
 4. Describe the KQML (Knowledge Query and Manipulation Language) protocol.
-

Section B: Long Answer

1. Describe a scenario where multiple agents communicate and negotiate to achieve a common goal.
2. Describe the behaviour of the vacuum cleaner agent based on its precepts, actions, and deduction rules.
